

# Paper: Leader in board and tissue – markets supported by global megatrends

Jari Vähäpesola  
Business Line President, Paper

Valmet Capital Markets Day 2023

# Leader in board and tissue markets supported by global megatrends

1

## ATTRACTIVE MARKET

Board and Tissue are growth markets, aligned with megatrends in resource efficiency, climate and water

2

## LEADING MARKET POSITION

Market leader in board, paper and tissue machinery

3

## COMPETITIVE OFFERING

Technology leader in the industry and the only supplier with full offering

4

## ATTRACTIVE BUSINESS MODEL

Flexible cost base, projects financed by advance payments

5

## SOLID TRACK RECORD

Improved performance year over year, already 9 years in a row

## FINANCIAL TARGET

**Net sales to exceed market growth**

# Market demand – a growth story

Estimated market growth (CAGR <sup>1</sup> )	2013–2022		2022–2026		2022–2026	
	Board	Paper	Tissue	Total	Change p.a.	Change p.a.
	2.1%	-4.2%	3.6%	0.5%	7.5 Mtn	-2.0 Mtn
			3.6%	2.1%		1.8 Mtn

## Market drivers

- Growth in fiber-based packaging, fueled by e-commerce, retail practices and plastics replacement
- Tissue growth driven by increase in hygiene awareness and standard of living, particularly in the developing economies
- On top of building new capacity, the customers keep modernizing, relocating and repurposing existing assets
- In 2013–2022, ~33% of the capacity addition driven by replacing closed or obsolete assets<sup>2</sup>

Note: not fully including the recent change in macroeconomic development

# Paper key figures

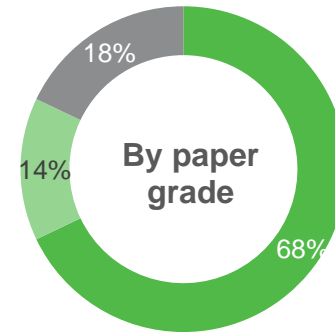

## Orders received (EUR million)

## Net sales (EUR million)

## Net sales split 2022 (% of total)

- Board
- Paper
- Tissue

- North America
- South America
- EMEA
- China
- Asia-Pacific

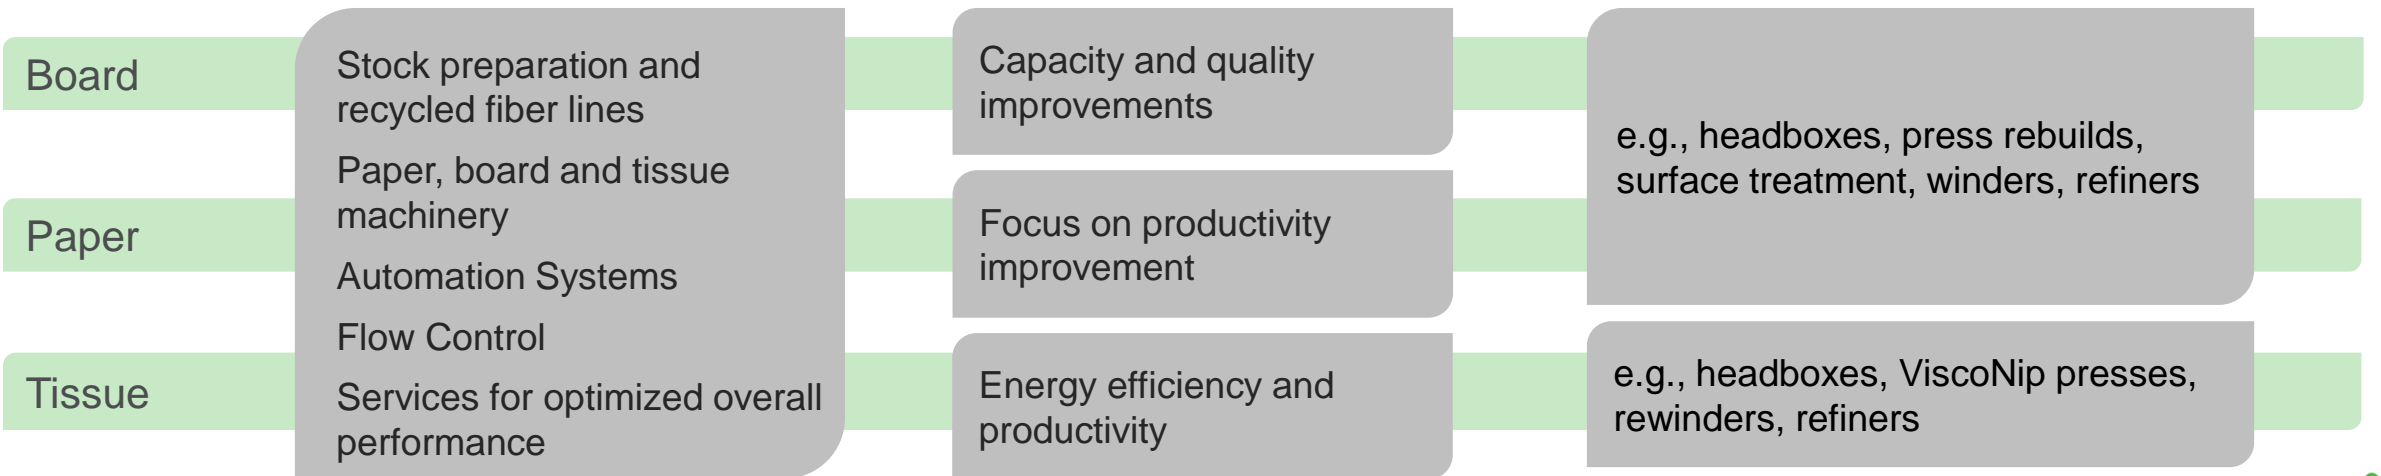

- New installments
- Rebuilds
- Single products

	Market position	Market share	Estimated market size, EUR	Long-term end market growth
Board	#1	60%	1.3 bn	+3%
Paper	#1	50%	0.2 bn	-2%
Tissue	#1	35%	0.7 bn	+4%

2013–2020 figures have not been restated to reflect the new segment reporting structure, which Valmet implemented as of January 1, 2022. Market position, market share and estimated market size calculated from year 2022.

# Unmatched scope in Board, Paper and Tissue

# Net sales by paper grade

Market characteristics

- Strong growth market in all geographical areas
- Paper machine conversions to board

- Main market for new machines in China and Asia-Pacific
- Focus on productivity improvement

- Growth market
- Follows improvements in hygiene awareness and standard of living

# Net sales by geographical area

EUR million

Market characteristics

- Old installed base
- High Valmet share
- High investment activity in recent years, driven by packaging growth

- Large virgin pulp assets: opportunity to integrate downstream into board/paper/tissue
- Active market

- Large and partially modern installed base
- High focus on energy and raw materials efficiency

- Large and modern installed base
- Strong economic growth drives all segments

- Large and partially modern installed base
- Strong economic growth drives all segments

# Winning business model

## Operational efficiency

- Capacity cost (% of net sales) has decreased while net sales has grown
- Investments in productivity development and increased delivery capacity
- Strong operational home base in Nordics and cost competitive operations in Poland, India and China
- Upfront cash generation from projects due to pre- and milestone payments

## Competitive advantages

- Excellent references and customer satisfaction
- Efficient procurement and supplier network
- State of the art pilot facilities
- R&D aligned with sustainability megatrends

## Capacity costs

(% of net sales)

Capacity costs have decreased  
by 21 %-points since 2014

# Driving rebuilds towards resource-efficient board production

Energy consumption<sup>1</sup>  
**-18%**

2012–2022:  
from 1,150 to 950 kWh/t

Fiber savings<sup>1</sup>  
**-10%**

2012–2022:  
from 100 to 90 g/m<sup>2</sup>

Optimized performance  
with Industrial Internet  
solutions

Bio-packaging  
with new coating solutions

**OptiFlo with Aqua headbox**  
Solution for multilayering with single headbox

**OptiFormer Hybrid with Sleeve roll**  
Solution for capacity and strength improvement

**OptiPress Center with Metal belt**  
Towards increased dry content and decreased draw

**Steel cylinder**  
Solution for higher drying efficiency

**OptiSizer HardSizer with Hard Nip**  
Solution for improved strength

**OptiCalender Metal Belt**  
Better surface quality and higher bulk

**Aqua Cooling**  
Improved bulk

# Driving development of resource-efficient tissue production

## 47% less energy<sup>1</sup>

## 80% less water<sup>1</sup>

## Less fiber consumption<sup>2</sup>

# Valmet 3D Fiber – Next generation of molded fiber

## Valmet - supplier of molded fiber solution

-  Capability for extensive scope deliveries
-  Wide knowledge of fiber technologies
-  Global network to serve our customers
-  Big, reliable supplier

## Game changer in fiber packaging

-  Flexible, modular concept
-  High output
-  Highly automated production
-  Low operating costs
-  Unique multi-material layering

***New renewable and recyclable option for brand owners and food service!***

# Strategic focus areas

## Paper

### Key actions to grow

- Keep high hit ratio by fostering competitiveness
- Increase capacity through supplier network development
- Continue investing in R&D to support customers in their growth strategy on sustainability and new functionality
- Keep investing in business expansion, e.g., cellulose-based textile fibers and 3D fiber packaging

### Key actions to improve profitability

- Focus on product cost competitiveness
- Continuous attention on productivity
- More efficient supplier network – develop partnerships especially in cost competitive countries

# Leader in board and tissue markets supported by global megatrends

- 1** **ATTRACTIVE MARKET**  
Board and Tissue are growth markets, aligned with megatrends in resource efficiency, climate and water
  - 2** **LEADING MARKET POSITION**  
Market leader in board, paper and tissue machinery
  - 3** **COMPETITIVE OFFERING**  
Technology leader in the industry and the only supplier with full offering
  - 4** **ATTRACTIVE BUSINESS MODEL**  
Flexible cost base, projects financed by advance payments
  - 5** **SOLID TRACK RECORD**  
Improved performance year over year, already 9 years in a row
- FINANCIAL TARGET**  
**Net sales to exceed market growth**
