

Valmet – focus on profitability improvement

Roadshow material
October 2014

Agenda

Valmet Roadshow

- 1 Valmet overview
- 2 Investment highlights
- 3 Financials
- 4 Conclusions
- 5 Appendix

Valmet overview

Valmet's road to becoming a global market leader

Capitalizing on the growing pulp, energy, tissue, and packaging board needs globally

Global market leader with #1-2 market positions in all markets served

Stable, growing and profitable EUR 1 billion services business

High barrier to entry capital business with good long-term growth potential in businesses such as board, tissue, pulp, and biotechnology

2013 figures¹

Net sales EUR 2,613 m

Profit² EUR 54 m

Employees 11,765

Position

#1-2 Services

#1-2 Pulping

#1-2 Bioenergy generation

#1-2 Paper, board, tissue

Sales¹

■ Services
■ Pulp and Energy
■ Paper

■ North America
■ South America
■ EMEA
■ China
■ Asia-Pacific

1) Carve-out figures for the year of 2013

2) EBITA before non-recurring items

Our three business lines serve the same customer base

Services

Net sales¹ 1.0 bn, 39%

- Mill and plant improvements
- Roll and workshop services
- Parts and fabrics
- Life-cycle services

Pulp and Energy

Net sales¹ 0.9 bn, 35%

- Technologies and solutions for
- Pulp production
 - Power generation
 - Biomass conversion

Paper

Net sales¹ 0.7 bn, 26%

- Technologies and solutions for
- Board
 - Tissue
 - Paper

1) Net sales by business line on a carve-out basis for the periods indicated (excl. Intra-Metso net sales)

Strong global presence – good platform for growth

North America

- Large installed base to be serviced
- Growth opportunity in increased outsourcing
- Capital project opportunities in tissue and board

1,127 employees

Net sales¹⁾
EUR 401 m

South America

- Capital project opportunities in pulp, tissue and bioenergy
- Good services growth potential

428 employees

Net sales¹⁾
EUR 442 m

EMEA

- Large installed base to be serviced
- Growth opportunity in increased outsourcing
- Machine closures in printing and writing
- Capital project opportunities in pulp, tissue, and bioenergy

6,442 employees

Net sales¹⁾
EUR 1,096 m

China

- Capital project opportunities in board and tissue
- Good services market with growth potential

1,942 employees

Net sales¹⁾
EUR 389 m

Asia Pacific

- Capital project opportunities in pulp, tissue, and board
- Good services market with growth potential

585 employees

Net sales¹⁾
EUR 285 m

1) Net sales breakdown by area on a carve-out basis for 2013. Breakdown of employees by area as at September 30, 2014.

Serving global customer base

Valmet's way forward

Mission

Converting renewable resources into sustainable results

Strategy

Valmet develops and supplies competitive technology and services to the pulp, paper and energy industries.

We are committed to moving our customers' performance forward.

Must-Wins

- > Customer excellence
- > Leader in technology and innovation
- > Excellence in processes
- > Winning team

Vision

To become the global champion in serving our customers

Investment highlights

Investment highlight summary

1

Established market leader with #1-2 market positions in all markets served

2

Stable, growing, and profitable **services business** with over **EUR 1 billion sales** provides good visibility and resilience

3

Long-term growth potential in capital business from increase in pulp, energy, board and tissue consumption and from substitution of fossil fuels

4

Global diversified footprint with large exposure to growing emerging markets

5

Strong **focus on profitability** improvement

Established market leader with #1-2 market positions in all markets served

Services (>EUR 1 bn)¹

Market position

Services #1-2

Large installed base

- 3,800 pulp and paper mills in the world
- Over 50% purchase services from Valmet

Capital (~EUR 1.6 bn)¹

Pulp

Pulping #1-2

- 200 wood-handling systems
- 470 cooking systems
- 300 complete fiber lines
- 400 evaporation systems
- 350 recovery islands
- 200 mechanical pulping lines

Energy

Bioenergy generation #1-2

- 270 fluidized bed boilers
- 120 BioGrate boilers
- 400 environmental protection systems

Paper

Machines

Board #1-2
Tissue #1
Paper #1-2

- 700 board machines
- 180 tissue machines
- 900 paper machines

Superior technological know-how

Consistent investments in R&D
2013: EUR 65 m (2.2% of sales)

Extensive IP portfolio
~1,800 protected inventions

>70 new products launched per year

1) Net sales in 2013 on a carve-out basis

EUR 1 billion of net sales from stable and growing services

Strong trends driving services market expansion

- Customers outsource non-core operations
- Capacity increases in China, South America and Asia-Pacific
- Customer cost pressure and efficiency requirements increase demand for process improvements and maintenance services
- Machine closures in EMEA region and North America

Large target market¹

➤ EUR 7.0 bn

1) Management estimate based on the size of Valmet's services markets using an average services cost per volume produced, based on Valmet's existing customers and estimates of current and forecasted growth in total production volumes

2) Annual growth between 2010 and 2013 based on available carve-out financials

Comprehensive offering

>5.6%
2010-2013
p.a.²

Valmet services
business line growth

Pulp, energy, board, and tissue capital business on long-term growth trajectory

Pulp and Energy

Paper

Demand drivers

- Growth in energy consumption
- Demand for sustainable energy
- Modernization of aging plants
- Incentives and regulation
- Shale gas in North America and the recession in Europe reducing demand
- Growth in paper, board, and tissue consumption in Asia
- Need for virgin wood pulp, as recycling rates can not grow infinitely
- Increased size of pulp lines and mills
- Growth in pulping in Asia and South America
- World trade, e-commerce and emerging markets growth drive packaging
- Shift from plastic packaging to renewable materials
- Growth in emerging markets
- Rise in purchasing power and living standards in emerging markets
- Increasing role of digital media decreases demand for printing and writing papers
- Some growth in emerging markets

- Anticipated long-term market growth
- Estimated market size for current offering in 2012 (EUR)

Source: Leading consulting firms, RISI, management estimates

Global diversified footprint with large exposure to growing emerging markets

Emerging markets expansion¹

Services expansion³

Exposure to emerging markets²

- 1) Illustrative exposure to emerging markets calculated by combining net sales in following areas: Asia Pacific, China and South America. Q1-Q3/2014 figure is actual, while others are on a carve-out basis.
- 2) Estimate based on latest reported annual financials and other investor relations material where geographic split and service sales / service order data is available. Estimated emerging market exposure based on company announcement (e.g. Outotec) or otherwise incl. Africa, Asia, Asia Pacific, Latin America, Middle East, South America, and depending on the reporting structure of the companies parts of 'Rest of the world' or 'Other' (the method applied may lead to potential biases in the estimate, which are thus only indicative)
- 3) Q1-Q3/2014 figure is actual. Carve-out figures for Services business line for 2010-2013; as reported for Metso Pulp, Paper and Power -segment services sales for 2007-2009

Strong focus on profitability improvement

We are addressing the current decline in the capital business

- Cost-savings program EUR 100 million by the end of 2014

Valmet is re-shaping its operations to become leaner, more flexible, and agile

- Capacity being adjusted to meet the new level of demand
- Current level of SG&A expense base to be lowered
- Additional actions to increase operational efficiency
- Target to reach historical gross margin levels

Short- to mid-term profitability improvement through cost-reduction program with clearly defined steps that take profitability towards the targeted level

Financials

Financial targets

Growth

Net sales growth to exceed market growth

Profitability

EBITA¹ before non-recurring items: 6-9%

ROCE

Return on capital employed (pre-tax),
ROCE²: minimum of 15%

Dividend policy

Dividend payout at least 40% of net profit

- 1) EBITA before non-recurring items = operating profit + amortization + non-recurring items
- 2) ROCE (pre-tax) = (profit before taxes + interests and other financial expenses) / (balance sheet total - non-interest-bearing liabilities)

Q3/2014 in brief

Orders received on a par with Q3/2013 in services

- Services orders on a par with Q3/2013
- Net sales decreased compared with Q3/2013

Orders received slowed down in capital business from high level in H1/2014

- Orders received increased in Paper, and Pulp and Energy compared with Q3/2013
- Net sales increased in Pulp and Energy and decreased in Paper compared with Q3/2013

Order backlog at EUR 2.3 billion

- Order backlog EUR 914 million higher than at the beginning of the year

Profitability continued to improve according to plan

- EBITA margin improved compared with Q3/2013 and Q2/2014
- EBITA increased compared with Q2/2014
- SG&A expenses decreased by EUR 17 million compared with Q3/2013
- Gross profit increased by EUR 9 million compared with Q3/2013
- Further profitability improvement potential through savings in procurement and quality, by actions to improve project and service margin, by continuing to improve cost competitiveness, and by improving product cost competitiveness to increase gross profit

Strong balance sheet and good cash flow

- Net debt EUR -158 million, and gearing -20%
- Cash flow provided by operating activities EUR 117 million

EBITA = Earnings before interest, taxes and amortization and non-recurring items

Key figures Q3/2014

EUR million	Q3/2014	Q3/2013	Change	Q1-Q3/2014	Q1-Q3/2013	Change
Orders received	466	382	22%	2,590	1,754	48%
Order backlog ¹	2,312	1,658	39%	2,312	1,658	39%
Net sales	590	601	-2%	1,697	1,946	-13%
EBITA ²	32	31	4%	58	79	-27%
% of net sales	5.5%	5.1%		3.4%	4.1%	
EBIT ³	26	-17		35	7	>100%
% of net sales	4.4%	-2.8%		2.1%	0.4%	
Earnings per share, EUR	0.11	-0.10 ⁵		0.14	-0.01 ⁵	
Return on capital employed (ROCE), before taxes ⁴				6%	1%	
Cash flow provided by operating activities	117	12	>100%	206	-5	
Gearing ¹				-20%	0%	

Non-recurring items: EUR -1 million in Q3/2014 (EUR -41 million in Q3/2013), EUR -7 million in Q1-Q3/2014 (EUR -52 million in Q1-Q3/2013)

- 1) At the end of period
- 2) Before non-recurring items
- 3) After non-recurring items
- 4) Annualized
- 5) The earnings per share information was computed as if the shares issued in conjunction with the Demerger had been outstanding for the comparison period.

The comparison figures are based on financial carve-out data. The balance sheet and its related key figures as at December 31, 2013 are based on actual figures.

Orders received EUR 2.6 billion in Q1-Q3/2014

Orders received (EUR million),
by business line

Orders received (EUR million),
by area

- Orders received at the previous year's level in Services
- Orders received increased in Pulp and Energy
- Orders received increased in Paper
- Orders received increased in North America, Asia-Pacific, and China

Order backlog at EUR 2.3 billion

Order backlog (EUR million)

Cancelled Fibria order of EUR 331 million excluded from Q1/2013 figures

Structure of order backlog

- Order backlog EUR 914 million higher than at the end of 2013
- Approximately 20% of the order backlog relates to the Services business line

Net sales and profitability development

Net sales and EBITA before NRI (EUR million)

- Net sales stable compared with Q3/2013
- Profitability on an improving trend since Q4/2013

Good development in gross profit and SG&A expenses

Gross profit (EUR million and % of net sales)

SG&A (EUR million and % of net sales)

- Selling, general and administrative expenses (SG&A) declined further
- Gross profit improved
- Further actions to improve gross profit through Must-Win implementation

Key Must-Win objectives to improve profitability to the targeted level of 6–9%

Improve project and service margin	Reduce quality costs and lead times	Savings in procurement	Continue to improve cost competitiveness	Improve product cost competitiveness to increase gross profit
<ul style="list-style-type: none">• Harmonization of processes• Localization of competencies• Better selection of sales cases• Development in project management	<ul style="list-style-type: none">• Common quality development approach• Quality tools and processes• Highlight the importance of quality initiatives and accountability	<ul style="list-style-type: none">• Increase sourcing from cost competitive countries• Increase use of sub-contracting• Consolidation of shipment and warehouse network	<ul style="list-style-type: none">• Focus on cost competitiveness also after the EUR 100 million program	<ul style="list-style-type: none">• Focus on cost efficient design• Modularity and standardization 

Stable development in Services

Orders received (EUR million)

Net sales (EUR million)

- Services orders received stable compared with Q3/2013
 - Orders received increased in South America, Asia-Pacific and China, and remained stable in other areas
 - Orders received increased in Mill Improvements, and Rolls business units, and declined in Fabrics
- Orders received stable in Q1-Q3/2014 compared with Q1-Q3/2013
- Net sales decreased compared with Q3/2013

Orders received about EUR 1.3 bn in Q1-Q3/2014 in Pulp and Energy

Orders received (EUR million)

Net sales (EUR million)

- Orders received increased compared with Q3/2013
 - Orders received increased in EMEA and Asia-Pacific, and declined in North America
 - Orders received increased in Pulp, and remained stable compared with Q3/2013 in Energy
- Orders received more than doubled in Q1-Q3/2014 compared with Q1-Q3/2013
- Net sales increased compared with Q3/2013

Orders received exceeded EUR 500 million in Paper

Orders received (EUR million)

Net sales (EUR million)

- Orders received increased compared with Q3/2013
 - Orders received increased in North America, Asia-Pacific, and China, and declined in EMEA
 - Orders received increased in Board and Paper, and declined in Tissue
- Orders received increased in Q1-Q3/2014 compared with Q1-Q3/2013
- Net sales decreased compared with Q3/2013

Guidance and short-term market outlook

Guidance for 2014 (as given on February 6, 2014)

Guidance for 2014

Valmet estimates that net sales in 2014 will decline from the 2013 level and EBITA before non-recurring items will increase in comparison with 2013

Short-term market outlook

		Q4/2013	Q1/2014	Q2/2014	Q3/2014
Services		Satisfactory	Satisfactory	Satisfactory	Satisfactory
Pulp and Energy	Pulp	Satisfactory	Satisfactory	Satisfactory	Satisfactory
	Energy	Satisfactory	Satisfactory	Satisfactory	Satisfactory
Paper	Board and Paper	Satisfactory	Satisfactory	Good	Good
	Tissue	Satisfactory	Satisfactory	Satisfactory	Satisfactory

Conclusion

Valmet - unique combination of technology, capital equipment and services globally

Global, diversified customer base

Global organization close to customers

Growing end-markets

Services

- >EUR 1 bn business
- >2,000 customer plants worldwide
- ~70 service centers

Capital

- Established market leader
- Global, diversified footprint

Technology

- ~1,800 protected inventions
- High barrier to entry

IMPORTANT: You must read the following before continuing. The following applies to this document, the oral presentation of the information in this document by Valmet (the “Company”) or any person on behalf of the Company, and any question-and-answer session that follows the oral presentation (collectively, the “Information”). In accessing the Information, you agree to be bound by the following terms and conditions.

The Information is not directed to, or intended for distribution to or use by, any person or entity that is a citizen or resident of, or located in, any locality, state, country or other jurisdiction where such distribution or use would be contrary to law or regulation or which would require any registration or licensing within such jurisdiction. The Information is not for publication, release or distribution in the United States, the United Kingdom, Australia, Canada or Japan.

The Information does not constitute or form part of, and should not be construed as an offer or the solicitation of an offer to subscribe for or purchase any securities, and nothing contained therein shall form the basis of or be relied on in connection with any contract or commitment whatsoever, nor does it constitute a recommendation regarding any securities. Prospective investors are required to make their own independent investigations and appraisals of the business and financial condition of the Company before taking any investment decision with respect to securities of the Company. Prospective investors should make any investment decision solely on the basis of the information contained in the demerger prospectus published on September 23, 2013 and any stock exchange releases regarding the Company following the publication of the demerger prospectus.

No securities of the Company are being offered or sold, directly or indirectly, in or into the United States and no shares in the Company have been, or will be, registered under the Securities Act of 1933, as amended (the “Securities Act”), or under the securities laws of any state of the United States and, accordingly, may not be offered or sold, directly or indirectly, in or into the United States (as defined in Regulation S under the Securities Act), unless registered under the Securities Act or pursuant to an exemption from the registration requirements of the Securities Act and in compliance with any applicable state securities laws of the United States.

The Information is directed solely at: (i) persons outside the United Kingdom, (ii) persons with professional experience in matters relating to investments falling within Article 19(5) of the Financial Services and Markets Act 2000 (Financial Promotion) Order 2005 as amended (the “Order”), (iii) high net worth entities, and other persons to whom it may lawfully be communicated, falling within Article 49(2)(a) to (d) of the Order and (iv) persons to whom an invitation or inducement to engage in investment activity (within the meaning of section 21 of the Financial Services and Markets Act 2000) in connection with the issue or sale of any securities of the Company or any member of its group may otherwise lawfully be communicated or caused to be communicated (all such persons in (i)-(iv) above being “Relevant Persons”). Any investment activity to which the Information relates will only be available to and will only be engaged with Relevant Persons. Any person who is not a Relevant Person should not act or rely on the Information. By accessing the Information, you represent that you are a Relevant Person.

The Information contains forward-looking statements. All statements other than statements of historical fact included in the Information are forward-looking statements. Forward-looking statements give the Company’s current expectations and projections relating to its financial condition, results of operations, plans, objectives, future performance and business. These statements may include, without limitation, any statements preceded by, followed by or including words such as “target,” “believe,” “expect,” “aim,” “intend,” “may,” “anticipate,” “estimate,” “plan,” “project,” “will,” “can have,” “likely,” “should,” “would,” “could” and other words and terms of similar meaning or the negative thereof. Such forward-looking statements involve known and unknown risks, uncertainties and other important factors beyond the Company’s control that could cause the Company’s actual results, performance or achievements to be materially different from the expected results, performance or achievements expressed or implied by such forward-looking statements. Such forward-looking statements are based on numerous assumptions regarding the Company’s present and future business strategies and the environment in which it will operate in the future.

No representation, warranty or undertaking, express or implied, is made as to, and no reliance should be placed on, the fairness, accuracy, completeness or correctness of the Information or the opinions contained therein. The Information has not been independently verified and will not be updated. The Information, including but not limited to forward-looking statements, applies only as of the date of this document and is not intended to give any assurances as to future results. The Company expressly disclaims any obligation or undertaking to disseminate any updates or revisions to the Information, including any financial data or forward-looking statements, and will not publicly release any revisions it may make to the Information that may result from any change in the Company’s expectations, any change in events, conditions or circumstances on which these forward-looking statements are based, or other events or circumstances arising after the date of this document. Market data used in the Information not attributed to a specific source are estimates of the Company and have not been independently verified.

Appendix

Management and ownership

Experienced management team

■ # years at Valmet / its predecessor
 ■ # years of experience in the sector

1) Includes 100 shares in Valmet owned by Ms. Salonsaari-Posti's family members
 2) Includes 100 shares in Valmet owned by Mr. Tiitinen's family members

Board of Directors

Jukka Viinanen
(b. 1948)
Chairman of the Board
Finnish citizen

- MSc in Engineering
- Selected experience:
 - CoB of Metso since 2009, board member since 2008
 - CoB of Kemira
- Share ownership: 10,820
- Independent of company: Yes
- Independent of owners: Yes

Mikael Von Frenckell
(b. 1947)
Vice Chairman of the Board
Finnish citizen

- MSc in Social Sciences
- Selected experience:
 - Vice CoB of Metso since 2012, board member since 2010
 - Member of the BoD of Antti Ahlströmin Perilliset Oy and Sponsor Capital Oy
- Share ownership: 105,636
- Independent of company: Yes
- Independent of owners: Yes

Friederike Helfer
(b. 1976)
Board member
Austrian citizen

- MSc in Real Estate Development, Diplom-Ingenieur in Urban Planning, CFA charterholder
- Selected experience:
 - Partner at Cevian Capital, joined Cevian Capital in 2008
 - Engagement Manager at McKinsey (2004-2008)
- Share ownership¹: 2,305
- Independent of company: Yes
- Independent of owners: not independent of a significant shareholder

Erkki Pehu-Lehtonen
(b. 1950)
Board member
Finnish citizen

- MSc in Mechanical Engineering
- Selected experience:
 - Member of Metso board since 2010
 - CoB of Raute Corporation
 - President and CEO of Pöyry (1999-2008)
- Share ownership: 5,484
- Independent of company: Yes
- Independent of owners: Yes

Pekka Lundmark
(b. 1963)
Board member
Finnish Citizen

- MSc in Engineering
- Selected experience:
 - President and CEO of Konecranes
 - CoB of Marimekko and Vice COB of the Federation of Finnish Technology Industries (CoB in 2011 and 2012)
- Share ownership²: 2,309
- Independent of company: Yes
- Independent of owners: Yes

Lone Fønss Schrøder
(b. 1960)
Board member
Danish citizen

- MSc in Economics, Accounting; LL.M.
- Selected experience:
 - Member of the BoD of Saxobank A/S, Aker Solutions, Volvo PV AB, NKT Holding A/S, Schneider SE, Bilfinger Berger SE
- Share ownership: 2,882
- Independent of company: Yes
- Independent of owners: Yes

Rogério Ziviani
(b. 1956)
Board member
Brazilian citizen

- BSc in Business Management, MSc in Business Administration
- Selected experience:
 - Member of the BoD of Contax Participações S.A and HSBC – SRI – FI – Sustainability Fund
 - Member of the Brazilian Institute of Corporate Governance
- Share ownership: 2,305
- Independent of company: Yes
- Independent of owners: Yes

Orders received during H2/2014

Date	Description	Business line	Country	Value
Jul 2	Advantage DCT 200 tissue line	Paper	Middle East	Not disclosed
Jul 8	Wood chipping plant	Pulp and Energy	Sweden	Around EUR 20 million
Aug 4	Advantage NTT line	Paper	USA	Not disclosed
Aug 15	Paper machine grade conversion rebuild	Paper	Thailand	Typically valued at around EUR 20 million
Aug 18	OptiConcept M board production line	Paper	USA	Not disclosed
Aug 20	Tissue production line	Paper	Turkey	Not disclosed
Sep 11	Flue-gas cleaning system	Pulp and Energy	Finland	Roughly EUR 10 million
Oct 7	Equipment for evaporator train upgrade	Pulp and Energy	USA	Not disclosed
Oct 13	Biomass based power plant	Pulp and Energy	Sweden	About EUR 30 million

Valmet's Must-Win initiatives and objectives

Must-Wins	Primary Must-Win objectives
1. Customer excellence	<ul style="list-style-type: none">• Strengthen our presence close to customers and growth markets• Strengthen Key Account Management to enhance growth at the customer• Drive service growth through long-term agreements and expanded customer base
2. Leader in technology and innovation	<ul style="list-style-type: none">• Improve product cost competitiveness to increase gross profit• Create new revenue from biotechnology solutions and new offering
3. Excellence in processes	<ul style="list-style-type: none">• Reduce quality costs• Savings in procurement• Reduction in lead times• Improve health and safety• Improve project and service margin• Implement cost competitiveness program to reach EUR 100 million cost savings
4. Winning team	<ul style="list-style-type: none">• Strengthen high-performance culture• Continue further globalization of our capabilities to be closer to customers

Profitability improvement program proceeding according to plan

Profitability improvement program

- Announced in April 2013, targeting EUR 100 million in savings by the end of 2014
- Impact on all business lines, especially in the Board and Paper, and Energy business units
- ~1/3 of the program targets SG&A and ~2/3 COGS
- In 2013, decided personnel reduction: 1,400

Restructuring costs

- One-off restructuring costs amounted to EUR 29 million in Q4/2013, EUR 76 million in 2013, EUR 6 million in Q1/2014, EUR 0 million in Q2/2014, and EUR 1 million in Q3/2014

Additional flexibility

- Additional organizational flexibility through the possibility of temporary lay-offs in Finland

Process excellence

- Further savings potential in procurement and quality

Good cash flow

Cash flow provided by operating activities (EUR million)

- At the end of September 2014, net working capital was EUR -345 million
- CAPEX less than depreciation

Net debt, gearing and equity to assets ratio

Net debt (EUR million) and gearing (%)

Equity to assets ratio (%)

- Negative gearing (-20%) and net debt EUR -158 million

Structure of loans and borrowings

Amount of outstanding interest-bearing debt: EUR 100 million (Sep 30, 2014)

Maturity profile of interest-bearing debt (EUR millions)

*) EUR 200 million syndicated revolving credit facility, of which none is outstanding as of September 30, 2014.

- Average maturity of long-term loans is 2.8 years

Main financing sources

EUR 82 million EIB loan

- Maturing in: H2/2016

EUR 18 million other financing sources

Back-up facilities

EUR 200 million domestic commercial paper program

- None outstanding

EUR 200 million syndicated revolving credit facility

- None outstanding
- Maturity: December 2018

Strong balance sheet to support large orders

Financial position as of September 30, 2014 (EUR million)

- Valmet has a strong balance sheet that enables it to participate in large projects
- Valmet has long-term liquidity in place

1) Total equity / (Balance sheet total - advances received - billings in excess of cost and earnings of projects under construction)

Key ratios

	Q1-Q3/ 2014	Q1-Q3/ 2013 Carve-out	Q1-Q4/ 2013 Carve-out

Appendix

Market statistics

Comprehensive life-cycle services offering and large customer base with significant potential

Comprehensive life-cycle services offering

Comprehensive life-cycle services offering serving global customer base with over 2,000 plants purchasing services from Valmet annually

Spare and wear parts

- All OEM spare parts and standard parts in Valmet deliveries
- Inventory management services and process parts, such as consumables and auxiliary products

Fabrics

- Paper machinery clothing
- Filter fabrics used in the pulp and paper, mining and chemical industries and power plants for various filtration purposes as well as in commercial laundries

Mill and plant improvements

- Plant upgrades
- Modifications and environmental improvements
- Troubleshooting
- Shutdown maintenance
- Maintenance outsourcing for the entire customer plant

Roll and workshop services

- Maintenance services on rotating equipment: roll covers, spare rolls and roll upgrades
- Rebuilds for all manufacturers' board, tissue, pulp and paper machines
- Workshop services: pressure part manufacturing, boiler component services, parts to protect and enhance boiler performance and fiber equipment refurbishing

Energy and environmental

- Services for evaporation plants, power and recovery boilers, and environmental equipment

Services market

Market trends

Cost pressure and outsourcing

- ▶ Customer cost pressure and machine closures increase demand for solutions decreasing costs, net working capital, and raw material and energy consumption
- ▶ Increased demand for more competitive processes and decreasing in-house customer competencies expected to provide growth in demand for services

Packaging growth

- ▶ Growing demand for containerboard expected to increase need for services

Closure of graphic machines

- ▶ Reduces demand for spare parts and process consumables, but instead
- ▶ Increases demand for expert and outsourcing services
- ▶ Increases demand for process improvements and debottlenecking of the remaining machines

EMEA and North America

- ▶ Largest market for the Services BL where majority of installed base is located
- ▶ Customer cost pressure and machine closures key drivers

South and Central America

- ▶ Important growth market, together with China and Asia Pacific

Asia Pacific

- ▶ Important growth market, together with China and South and Central America

Total market for Valmet's services offering ~EUR 7bn¹

- Pulp and paper services = ~EUR 6bn
- Power services market = ~EUR 1bn

China

- ▶ Largest single country for Valmet
- ▶ The services market expected to grow by ~5% in 2012-2016 in China, South America and Asia Pacific region
- ▶ Growth supported by significant amounts of new capacity being installed in these areas during the last ten years and the installed base is aging

The total market for Valmet's services offering estimated to grow to EUR 7.7 billion by the end of 2016, corresponding to an annual global growth rate of about 2.0%¹

1) Global market size for current offering in 2012 estimated by using an average services cost per volume produced based on Valmet's existing customers and estimates of current and forecasted growth in total production volumes

Pulp market

Market trends

Virgin wood pulp growth due to limitations of recycled paper growth and growing demand for tissue

- ▶ Growth of pulp produced from recycled paper limited by increasing marginal costs and the decreasing quality of recovered paper³
- ▶ Management expects demand for pulp to be driven primarily by tissue production growth

Increased size of pulp lines and mills

- ▶ Typical greenfield pulp mill size up from avg. capacity of ~0.7-1.0m metric tons of pulp p.a. in 2000-2007 to ~1.3-1.5m metric tons of pulp p.a. in 2007-2013
- ▶ Expected to benefit technology providers, such as Valmet and Andritz with good references of large project deliveries and comprehensive product offering covering complete plant solutions

EMEA and North America

- ▶ Chemical pulp production growing by ~1% p.a. in 2010-2020 in the EMEA region and decline by ~0.2% p.a. in North America³
- ▶ Demand in Europe and North America mainly focused on upgrades and conversions

South and Central America

- ▶ Chemical wood pulp production growing by ~3.4% p.a. in 2011-2025³
- ▶ Main markets for larger pulp plant deliveries are South America and Asia Pacific region
- ▶ Growing virgin fiber demand expected to be met primarily by increase in new hardwood pulp production capacity, especially in South America

Asia Pacific

- ▶ Chemical pulp production growing by ~3% p.a. in 2010-2020³
- ▶ Main markets for larger pulp plant deliveries are South America and Asia Pacific region
- ▶ Especially mid-sized plants market segment growing in Asia
- ▶ Increase in new hardwood pulp production capacity second largest in Asia after South America

Total market for Valmet's pulp technology ~EUR 1.4bn¹

- Chemical pulp accounts for ~70% of the total volume of virgin papermaking fiber raw materials²

China

- ▶ Chemical pulp production growing by ~6% p.a. in 2010-2020³
- ▶ Chemical wood pulp production growing by ~2.4% p.a. in Asia in 2011-2025³
- ▶ Especially mid-sized plants market segment growing in Asia
- ▶ Increase in new hardwood pulp production capacity second largest in Asia after South America
- ▶ Increasing standard of living in Asia driving demand for paper, board and tissue based products, expected to increase the demand for fiber
- ▶ Paper, board and tissue growing fastest in Asia, especially China and India, which do not have sufficient indigenous fiber resources³

Total market for Valmet's pulp technology estimated to be around EUR 1.4bn¹ and virgin pulp consumption is estimated to grow 1.0% annually on average between 2010 and 2025³

1) Management estimate for total market size for Valmet's pulp production technology offering based on historical and projected pulp capacity increases

2) Virgin papermaking fibre raw materials in 2011, where virgin papermaking fibre raw materials include chemical wood pulp, mechanical and semi-mechanical wood pulp and non-wood pulp (source: Leading consulting firm)

3) Source: Leading consulting firm

Energy market

Market trends

Growth in energy consumption and demand for sustainable energy

- ▶ Global electricity demand to grow 2.2% p.a. from 18,443 TWh in 2010 to 31,859 TWh in 2035³
- ▶ Fossil fuels continue to be the predominant fuel in energy production, but the share of fossil fuels in energy production expected to decrease from 68% in 2010 to 58% in 2035³
- ▶ Biomass-based electricity generation represented ~1.6% of global electricity generation in 2011, but is forecast to grow 6.9% p.a. between 2011 and 2018³

Incentives and regulation supporting biomass and new biomass conversion technology-based solutions

- ▶ Aim to reduce emissions and mitigate climate change has resulted in targeted reductions of CO2 emissions and use of fossil fuel-based energy production in many countries
- ▶ Policy decisions also impacted by governments' objectives to increase the energy security and decrease dependence on imported energy

EMEA and North America

- ▶ EMEA region and North America, represent ~50% of the global market⁴
- ▶ Totals ~ EUR 2.3bn in 2013-2015 on average⁴
- ▶ Expected to grow to an average of EUR 2.6bn in next 3 years⁴
- ▶ North American market impacted by low price of natural gas
- ▶ EMEA region impacted by slow economy and political uncertainty around renewable energy support schemes
- ▶ EU target of 20% share of energy from renewable sources in overall EU energy consumption by 2020

South and Central America

- ▶ Market in Asia-Pacific, China and South America, estimated to EUR 2.1bn between 2013 and 2015⁴
- ▶ Expected to grow to EUR 3.6bn in next 3 year period⁴

Asia Pacific

- ▶ Market in Asia-Pacific, China and South America, estimated to EUR 2.1bn between 2013 and 2015⁴
- ▶ Expected to grow to EUR 3.6bn in next 3 year period⁴

Global biomass and waste power plant market ~EUR 4.5bn¹

- Average estimate for global biomass and waste power plant market between 2013-2015

Biomass conversion technology market >EUR 1.5bn by 2020²

- Management estimate for Valmet's offering

China

- ▶ Market in Asia-Pacific, China and South America, estimated to EUR 2.1bn between 2013 and 2015⁴
- ▶ Expected to grow to EUR 3.6bn in next 3 year period⁴
- ▶ China's current 5 year plan targets 13,000 MW of biomass power production capacity by 2015, a substantial increase from the 5,500 MW installed biomass-based power capacity in 2010

The global biomass and waste power plant market estimated to be some EUR 4.5 billion on average in 2013-2015 and increase to EUR 6.2 billion on average in 2016-2018

1) Global biomass and waste power plant market estimated by Management to total ~ EUR 4.5bn on average between 2013 and 2015, a decline from an average of EUR 5.0bn between 2010 and 2012. The market is forecast to recuperate and reach an average of EUR 6.2bn between 2016 and 2018

2) Management estimates that the market for its biomass conversion technology solutions will exceed EUR 1.5 billion in 2020

3) Source: IEA, 2012

4) Source: Leading consulting firm

Paper market

Market trends

General: Demand for increased energy, water and raw material efficiency

- ▶ Focus on environmental responsibilities and stricter energy and environmental regulations drive demand for machines that use less energy, water and raw materials, as well as use of renewable energy sources

Board: Increased demand due to growth in packaging and emerging markets

- ▶ Containerboard demand driven by GDP growth and industrial manufacturing
- ▶ Demand for carton board driven by increased retail sales, consumer packaging and urbanization³

Tissue: Growth driven by increasing standard of living and tissue consumption

- ▶ Use of tissue-based hygiene products generally correlated with economic growth, population growth and standard of living
- ▶ Increased product penetration from improved product quality drive tissue consumption e.g. in China³
- ▶ Tissue products not conducive to long-distance transportation due to their bulky nature, thus the size of tissue mills expected to continue to be relatively small while the number of mills is expected to increase

EMEA and North America

- ▶ Market expected to mainly relate to rebuilds of existing installed capacity
- ▶ Changes in consumer demographics and shopping behavior expected to create additional demand for board in developed countries²
- ▶ Tissue consumption growth 1.4% p.a. in North America, 5-9% p.a. in Eastern Europe and 3.5% p.a. in Western Europe in 2010-2021³

South and Central America

- ▶ Tissue consumption growing 5-9% between 2010-2021 in Latin America³

Newsprint and writing and printing papers: Decreased demand due to growth of digital media

- ▶ Ongoing structural change resulting in production overcapacity in EMEA region and North America has weakened demand for writing and printing paper machines and shifted demand to lower-cost solutions, mid-sized machines and machine rebuilds

Asia Pacific

- ▶ Emerging markets expected to account for largest share of capacity growth for carton board³

China

- ▶ Emerging markets, e.g. China, expected to drive containerboard demand
- ▶ Higher product penetration together with improved product quality drive tissue consumption e.g. in China
- ▶ Tissue consumption growing 5-9% between 2010-2021³

Total market for Valmet's¹: Board technology ~EUR 1bn

- Containerboard consumption growing by ~2.7% and carton board by ~2.4% p.a. in 2010-2025⁵

Tissue technology ~EUR 0.6bn

- Global tissue paper consumption growing by ~3% p.a. through 2025²

Newsprint and P&W paper technology ~EUR 0.6bn

- P&W paper demand growing marginally while global consumption of newsprint declines ~1-2% p.a. in 2010-2025²

General demand driven by increased need for energy, water and raw material efficiency; board and tissue demand growing with packaging and emerging markets

1) Management estimate based on current machine demand
 2) Source: Leading consulting firms
 3) RISI

The majority of new pulp lines are being built in South America and Asia

Market fluctuates from year to year

New chemical pulp lines in SA and Asia

1) Market size based on orders received. Includes all pulp business units, recovery boilers, and evaporation plants
 2) Average capacity additions p.a. 2011-2020. Only positive capacity changes included, not shutdowns
 Source: Valmet, Pöyry

Market for larger size (> 50 MWth) biomass boilers has significantly declined in EMEA and North America

New boiler market served by Valmet¹ (EUR million)
(only projects where Valmet has been involved)

Key messages and implications

- Strong market decline in 2013 and unclear future market development
- Increased political uncertainty about meeting CO₂ targets and reduced ability to finance support schemes
- Price of coal has reduced, making it more attractive for power generation in Europe and elsewhere
- North American biomass power market has declined significantly
- Price of energy has dropped and previous subsidy schemes supporting biomass have expired

1) Note: Includes the power boiler market served by Valmet excluding small power plants < 50MW (EUR 200-300 million), air pollution control (EUR 50-100 million p.a.), retrofits (EUR 100-200 million), and projects where Valmet has not competed (boilers ~EUR 1 billion p.a.)
Source: Valmet

Major changes in the paper and board market

Estimated net sales¹ (EUR millions)

Board machines:

Narrow, slow, and lower technology

Paper machines:

Wide, fast, and high technology

1) Company estimate based on estimated capacity by start-up year and estimated average price per ton (constant value of EUR180/ton used over time)

Consumption development

Growth in board and tissue consumption is expected to continue while newsprint is declining

Paper consumption¹ (Mton)

CAGR	2001-2013	2013-2025F
Containerboard	+3.4%	+2.5%
Printing & Writing	+0.5%	-0.3%
Cartonboard	+2.6%	+2.8%
Tissue	+3.1%	+3.5%
Newsprint	-2.1%	-2.6%

1) Source: RISI

Paper and board consumption growth trends

Paper and board consumption per capita vs. population¹

Average global consumption: 53 kg per capita

Population growth in emerging markets is larger than in developed markets

Level of consumption per capita in emerging markets clearly below that in developed markets

This offers us long-term growth potential

1) Source: PPI Annual Review 2013 (2012 figures)

Demand has shifted more towards smaller paper and board machines

- We are focusing more on modularized and standardized solutions
- Competition is higher in smaller machines

Capacity of start-ups¹, by machine size

Valmet's market share¹, by machine size

Competition is lower in larger machine sizes.

Higher number of players in smaller machines.

1) Source: Pöyry, Valmet

Tissue consumption growth trends

Tissue consumption per capita vs. population¹

Average global consumption: 4.5 kg per capita

New products and consumption models based on tissue are helping increase consumption in developed markets

Consumption in emerging markets is still low, but growing

Offers us long-term growth potential in both developed and emerging markets

1) Source: PPI Annual Review 2013 (2012 figures)

Tissue market growing long term

- Recent market reduction due to heavy Chinese investments
- Competition is high in all areas, Valmet is strongest in North America

Capacity of start-ups¹, by area

Valmet's market share¹, by area

Number of competitors is low in the Americas and EMEA.

Smaller Chinese companies present in China and Asia.
