

Health, Safety and Environment Policy

Valmet develops and supplies process technologies, automation and services for the pulp, paper, energy and other process industries.

We are committed to protecting the health, safety and environment (HSE) of our people, partners and customers, as well as the communities where we operate.

To fulfill this commitment:

- We believe that all incidents can be prevented and pursue the goal of zero harm.
- We provide safe and healthy workplaces for all by eliminating hazards and reducing risks.
- We fulfill compliance obligations and integrate sound HSE management practices into all aspects of our business.
- We supply our customers with sustainable solutions that help to improve their environmental and safety performance.
- We design and operate our facilities to promote the sustainable use of resources and prevent pollution.
- We all take personal responsibility and through our values, competencies and behaviors support a safe and healthy working culture and promote sustainability.
- We facilitate the participation and consultation of our people and partners in HSE activities and practices.
- We require our partners to recognize this policy and comply with our Sustainable Supply Chain Policy.
- We continually improve our HSE management system to enhance performance.

March 2019

Pasi Laine
President and CEO
